

AI and Data Science One Day Workshop

Date:

Nov. 21, 2019

Location:

3F Conference Room, Department of Statistics, National Cheng Kung University, Tainan

Introduction:

AI and Data Science are highly related to Statistics. In this workshop, we invite 7 speakers from Statistics; Applied Mathematics and Computer Science and focus on the topics included “deep learning”, “complex network analysis”, “fintech” and so on. The speakers will share their research experiences from the different fields with all participants.

Invited Speakers:

Ying Chen
National University of Singapore

Shih-Feng Huang
National University of Kaohsiung

Daniel Jacob
Humboldt-Universität zu Berlin

Thorsten Koch
Technische Universität Berlin

Chia-Yen Lee
National Cheng Kung University

Chuan-Ju Wang
Academia Sinica

Weichung Wang
National Taiwan University
