

# 2022 NCTS Workshop on Dynamical Systems

Date

**May 26 - 28, 2022**

Venue

R515, Cosmology Bldg., NTU+Online

## Aim & Scope

The “2022 NCTS Workshop on Dynamical Systems” will take place on 26-28 May at National Center for Theoretical Sciences of Taiwan and will have about 14 50-minute presentations. This workshop has been hosted each May since 2001 by NCTS. We aim to bring active and aggressive researchers from various fields of dynamical systems together so that they can discuss recent and prospective advances in research. Meanwhile, the participants can exchange their ideas and seek for further possible cooperation. Due to the impact of the COVID-19 pandemic, the 2020 and 2021 NCTS Workshops on Dynamical Systems were cancelled. This year, the workshop continues to take place to bring the domestic researchers together. We have arranged talks about complex dynamics, ergodic theory, arithmetic dynamics, and differential equations.

## Invited Speakers

<b>Chueh-Hsin Chang</b>	Tunghai University
<b>Kuan-Wei Chen</b>	Yanping High School
<b>Shih-Wei Chou</b>	Soochow University
<b>Wei-Fan Hu</b>	National Central University
<b>Chih-Chiang Huang</b>	National Chung Cheng University
<b>Nai-Zhu Huang</b>	National Chengchi University
<b>Kuo-Chih Hung</b>	National Chin-Yi University of Technology
<b>Guan-Yu Lai</b>	National Yang Ming Chiao Tung University
<b>Te-Sheng Lin</b>	National Yang Ming Chiao Tung University
<b>Ying-Chieh Lin</b>	National University of Kaohsiung
<b>Ming-Jiea Lyu</b>	National Cheng Kung University
<b>Jun-Wen Peng</b>	National Center for Theoretical Sciences
<b>Shih-Feng Shieh</b>	National Taiwan Normal University
<b>Chi-Jen Wang</b>	National Chung Cheng University
<b>Tinghui Yang</b>	Tamkang University

## Organizers

<b>Jung-Chao Ban</b>	National Chengchi University
<b>Chih-Hung Chang</b>	National University of Kaohsiung
<b>Kuo-Chang Chen</b>	National Tsing Hua University
<b>Cheng-Hsiung Hsu</b>	National Central University
