

Japan-Taiwan Joint Conference on Number Theory 2023

Date

2023.8.21-25

Venue

R402-1, Marine Science & Technology Building (N), NPU

Aim & Scope

This is the fifth Japan-Taiwan joint conference on number theory. The purpose of this conference is to develop collaboration, foster discussions and interactions between young researchers in number theory in Japan and Taiwan. It is held every two years. Previous conferences were held at Hsinchu (2012), Kesenuma (2014), Taipei (2016), and Goto Retto (2018). The fifth one was scheduled in August 2020 at Penghu but postponed to August 2023 due to the pandemic.

Invited Speakers

Tomoyuki Abe
The University of Tokyo

Hohto Bekki
Max Planck Institute
for Mathematics

Chien-Hua Chen
National Center for
Theoretical Sciences

Yao Cheng
Tamkang University

Minoru Hirose
Nagoya University

Adeel Ahmad Khan
Academia Sinica

Shinichi Kobayashi
Kyushu University

Ting-Yu Lee
National Taiwan University

Yoichi Mieda
The University of Tokyo

Kenichi Namikawa
Tokyo Denki University

Masao Oi
Kyoto University

Yasuhiro Oki
Hokkaido University

Nobuo Sato
National Taiwan University

Cheng-Chiang Tsai
Academia Sinica

Wan-Yu Tsai
Chung Yuan University

Peng-Jie Wong
National Sun Yat-sen University

Takao Yamazaki
Chuo University

Organizer

Masataka Chida
Tokyo Denki University

Ming-Lun Hsieh
National Taiwan University

Fu-Tsun Wei
National Tsing Hua University

Yi-Fan Yang
National Taiwan University
