

The 26th Taiwan Geometry Symposium

Date/ 2024/12/07

Venue/ R515, Cosmology Bldg., NTU

Aim & Scope

The purpose of the Taiwan Geometry Symposium is to foster discussions and interactions within the geometry community in Taiwan. It hopes to meet regularly in the years to come, running on a Saturday from late morning to late afternoon, with 3 speakers.

The activity usually rotates among Taipei, Hsin-Chu and Tainan. We encourage everyone who is interested in Geometry, and particularly students, postdoctoral fellows, and young scholars to participate in the Symposium. This semester's symposium will be held at the NCTS.

We hope to use this symposium to foster discussions and interactions within the geometry community in Taiwan and also discuss the future activities and directions of the geometry group of the NCTS.

Invited Speakers

Martin Guest	National Center for Theoretical Sciences
Tzu-Mo Kuo	National Taiwan University
Yat-Hin Marco Suen	National Cheng Kung University

Organizers

Chih-Wei Chen	National Sun Yat-sen University
Nan-Kuo Ho	National Tsing Hua University
Chung-Jun Tsai	National Taiwan University
