# NCTS

National Center for Theoretical Sciences

# Workshop on Mathematics of Living Systems

Date **2026/05/20-22**

Venue **5/20:** R515 Cosmology Bldg., NCTS

**5/21-5/22:** SA307 Science Bldg.1, NYCU

## Aim & Scope

The workshop will survey recent advances in mathematical modeling, analysis, and computation applied to complex phenomena in living systems. This event will provide a great opportunity for local and international researchers to interact, exchange ideas, and foster collaborations in this interdisciplinary field.

## Invited Speakers
