

2026

Workshop_{on}

Spreading Dynamics in Discrete and Continuous Systems

NCTS
National Center for Theoretical Sciences

2026/06/29

Venue:

R515, Cosmology Bldg., NTU

Aim & Scope

In response to the increasing need to better understand transmission dynamics after the pandemic, this workshop brings together domestic experts working on both continuous and discrete spread models. Through open discussions and academic exchange, we hope to build stronger connections among research groups and explore new collaborative directions, particularly in improving numerical methods and model accuracy. Our goal is to further strengthen interdisciplinary research on transmission dynamics and their applications in complex systems.

Speakers

Khagendra Adhikari Chang Gung University & Tribhuvan University

Chang-Yuan Cheng National Kaohsiung Normal University

Jyy-I Hong National Chengchi University

Cheng-Yu Tsai National Chengchi University

Chu-Yang Tsou National Chengchi University

Feng-Bin Wang Chang Gung University

Chang-Hong Wu National Yang Ming Chiao Tung University

Organizers

Jung-Chao Ban National Chengchi University

Feng-Bin Wang Chang Gung University
